

Jay and Jerri's PRAYER UPDATE

Hi all, it's Jerri.

We're being creative, like the rest of you, in the ways we reach out and stay connected these days. I have discovered that I really love video chatting and even video teaching. Who knew?

Time-sensitive prayer

1. Our base passes expire on May 1. Even though our chaplain wants to renew them, COVID-19 has made the normal process no longer normal. We are in the "volunteer" category, and it's unclear whether this category will be approved right now.
2. Jay is brainstorming with some people on base to find new ways to have contact and offer help to those who might need it during this time of staying at home.

Please continue to let us know how we can pray for you. We are grateful to be invited into your lives as well...

Together in Christ,

Jerri

[Donate](#)

Jay has spent some evenings on new projects for our "hospitality house". The garage needs some work to get our dart board area up and running!
