

Juventud para Cristo

August 2020

Hello everyone. We would like to share with you some news and information about our ministry

As you already know, our alliance with YOUTH FOR CHRIST INTERNATIONAL has ended, but we continue to develop the work that God placed in our hands 45 years ago here in Colombia. Fortunately, our programs have continued as always as well as our leaders and staff. Our legal aspect will not suffer any alterations.

Social program “Bella Flor”

We are starting our new social work in a neighbourhood that is greatly in need in Bogotá called “Bella Flor”

Most of the families living there have been displaced due to violence and many of the houses are made out of wood or tin.

The great number of children and young people who live there are our main desire to start working with this community.

In recent days we were able to give out groceries and clothes to 70 people.

Social Program “Paraiso”

The time in quarantine has been an opportunity for us to work with the children and young people in more creative and digital ways. Each teacher has done an amazing job with each of their groups.

We have developed group and individual weekly virtual classes, school reinforcement and counseling. We have also visited many families, being able to support them and their needs.

Virtual Football training

Youth Groups

Each week we have been developing and growing with our youth groups through different platforms. Last week we created a contest where our youth could participate with their families.

Each week we are providing a Bible study called ZOOMATE for our leaders through Zoom. We are also planning on starting a small Bible institute for the christian leadership in our country.

Wake up Deborah

This group of women has been growing even through the limitations due to the pandemic. Groups have been developing in Bogotá, Cali, Medellín, Ibagué and Dorada.

We have around 15 different groups gathering every week.

Help us pray for:

- For our new Board Members and the new policies and rules that they have been creating.
- For our economy. Our income has decreased by 50% these last few months and we need help to continue our programs.
- For the **salary** of our current staff.
- For an **iMac**, used or new, for our new multimedia program (the one we have is borrowed and very old).
- For supplies to equip our new national office, we are needing laptops, a sofa, kitchen utensils and desks.
- And in general for the new leadership that is being created in our ministry.

Thanks to each and every one of you who helps support, and participate our work and activities. If you are interested in being part of the impact of the youths in Colombia, please contact us via e-mail : info@juventudparacristo.org
