

Juventud para Cristo

Dec-Jan 2021

Hi all. We want to share with you some news from our ministry. In recent months we have seen the hand of God helping and caring for our ministry in every program we have been able to carry out. Despite our longstanding alliance with YOUTH FOR CHRIST International, we have decided it is the right time to pursue our calling and ministry separately. We have seen God's unchanging love and guidance in the work that He has placed in our hands for more than 45 years and we are optimistic about the future and are confident that this new year will bring good and new things for all of us.

Social Program

We wrapped 2020's Paraiso neighborhood activities with a wonderful get-together and gift-giving afternoon. Despite the restrictions we were able to deliver 170 complete christmas gifts to all the children in our social program who have been receiving virtual classes throughout the year.

More than 30 care packages were also distributed to families, filled with food and necessary toiletries.

Ibagué

We have partnered up with our chapter in the city of Ibagué, 4 hours from Bogotá, on several occasions, bringing recreation, food and clothing to a very needy community where we have been working for some years.

Cali

In the city of Cali, Nestor and Juanita continue to serve on different fronts. Leadership trainings are being developed and a social day was held to provide aid to migrant families in need.

Palenque

Together with our women's program "Despierta Débora", we spent a week in the town of Palenque, on the Colombian coast. We had the opportunity to work alongside the local church bringing school kits to children and evangelistic activities. Recreation and dances were also held with the entire community.

Astrid Roldán is the director of the program "Despierta Debora"

Training

Together with the leaders of different cities in the country, a workshop was held to accompany families with members in addiction.

Medellín

Different meetings and trainings for women are being held in the city of Medellín through the ministry of "Despierta Débora"

In the city of Ibagué we are working with young mothers.

Help us pray for:

- We need several laptops and tablets for our social headquarters. These will be used by our children in the program so that they can study and receive the virtual tutorials that we provide.
- Also in our headquarters we need a microwave oven and a TV to use it in virtual classes.
- For our economy. Our income has decreased by 50% these last few months and we need help to continue our programs.
- We urgently need to provide a salary for one of our full-time workers. This costs us 400 dollars a month and it would really help us a lot with our work.
- For an **iMac**, used or new, for our new multimedia program (the one we have is borrowed and very old).
- **Personal request:** After 12 good years, our refrigerator stopped working. We are looking for support to be able to replace it.

Thanks to each and every one of you who helps support, and participate our work and activities. If you are interested in being part of the impact of the youths in Colombia, please contact us via e-mail : info@juventudparacristo.org
