We made it!!

After a very long flight, lots of driving, and a topping of jetlag we have made it to North Carolina! Thank you all so much for your prayers...God gave us some very special blessings that really smoothed out the trip in response to your intercession for us! Just to name a few...we had to bring an extra check-in bag to get all of our stuff back and almost all of our checked baggage was overweight! And the lady that checked us in never said a word about the weight and even gave us the extra bag for free! Also, we had to bring our little dog back with us and she handled flying extremely well which was a big concern of Jen and the girls.

So again, thank you all for your continued faithful prayers over us!!

The Way Forward...

Like most journeys, there are still plenty of things we don't know about the way ahead...but like all journeys with the Lord, we have no reason to be anxious because we can rest assured that God's direction and timing will always produce an eternal harvest of righteousness!! (check out 2 Cor. 4:16-18)

With that said, it's worth repeating that we are still very much committed to church planting in military communities...we are still very much committed to our vision of Gathering - Equipping - Sending military all around the globe as fully (government) funded missionaries

equipped to publically love the Lord our God with all their heart, mind and strength - and to love their neighbors as themselves (regardless of the cultural context) which will result in reaching almost every tribe and tongue around the world...we are also still very much committed to Gathering - Equipping - Sending church planters and chaplains into these communities (especially across Europe!) equipped to carry out the vision of Gather - Equip - Send in their local context.

I will share more detail about what we think this will look like here in the US in our next newsletter so please be on the lookout for that!!

**Until then, I pray God's richest blessing upon you all in the name
of our Lord Jesus!!**
