

KIDS DISABILITY MINISTRY

At Mission Hills we believe all children are created by God with a desire to learn and grow a heart for Jesus through faith-filled inclusion. We strive to engage every child with God's Word, encourage healthy relationships with peers, and use biblical truths as the foundation for our Disability Ministry.

Children (birth - 5th grade) who need extra assistance will be matched with a "Buddy," a specially-trained serve member who will get to know you and your child personally and provide needed assistance in class. Our goal is for you and your child to experience faith-filled, authentic inclusion.

If you are interested in requesting a Buddy:

1. Contact our Buddy Coordinator, Abby Howard at ahoward@missionhills.org
2. Fill out and submit an intake form: missionhills.org/buddy-intake-form/

Next Steps:

1. We will set up a phone call to orient you to our Buddy process.
2. Develop a personal care plan for your Buddy to follow.

We will then begin the process of matching a Buddy to your child. We desire to have a God-inspired match between the two, so this may take some time.
