

SUMMER FAMILY CHALLENGE

BINGO + GROW

Summer can be full of road trips, tournament, camps, and changing routines, AND it can also be a wonderful opportunity to grow in faith together.

BINGO & Grow is a simple, meaningful, and fun family challenge created to help you make the most of everyday summer moments. Whether you complete a few squares or tackle all three boards, each activity is designed to help your family know God, love God, and live out your faith together.

You do not need to be a Bible expert or add one more complicated thing to your schedule. These low-prep activities are designed to fit naturally into the rhythms of family life and give you practical ways to disciple your kids right where you are.

THREE WAYS TO GROW

Your family will receive three different BINGO boards, each focused on an important part of spiritual growth:

Head

Practices that help kids know God's Word through Bible reading and Scripture memory.

Heart

Spiritual disciplines that help families grow closer to God through prayer, worship, gratitude, confession, and trust.

Hands

Serving activities that help families put their faith into action by caring for others.

WHAT YOU'LL FIND ON THE BOARDS

Each square includes a low- or no-cost activity that is easy to do with kids of all ages and requires little preparation.

Examples include:

- Listen to worship music in the car
- Recreate a Bible story using LEGO bricks
- Go to the park and pray silently for five people you see
- Write an encouraging note to someone
- Memorize a Bible verse together

These hands-on activities are designed to help your family build lasting faith habits in the middle of ordinary summer moments.

HOW TO PLAY

1. Set your family goal.

Before you begin, take a minute to set a goal that fits your family. Every family is different, and there is no "right" way to complete the challenge. Choose a goal that feels fun, realistic, and meaningful for your season and schedule.

You might decide to:

- Complete the four corners on each board
- Get one or more BINGOs (five in a row)
- Finish one or two squares per board
- Go for a blackout and cover every square on a board
- Create your own family goal

Whether your family completes a handful of squares or fills every board, every activity is a meaningful step toward growing in faith together. Every square you complete is a win.

2. Mark completed squares.

We recommend using a dry-erase marker so you can wipe the boards clean and reuse them in the future.

3. Use the resource lists.

The back of each board includes helpful resources and ideas connected to the activities.

4. Celebrate every step.

Every square you complete is a win.

OUR HOPE FOR YOUR FAMILY

BINGO & Grow is meant to make family discipleship feel fun and achievable. Small, consistent moments can have a lasting impact as you help your kids follow Jesus.

Whether your family completes a few squares or fills every board, our hope is that this challenge helps you grow closer to God and closer to one another this summer.

GET STARTED

BINGO boards will be handed out the first weekend of June and will also be available online. Play together. Grow in faith. Every square counts.
